Overview

The **1 Stop Bath Shop Bathroom Quote System** is a comprehensive web-based application designed to help contractors create professional bathroom renovation quotes quickly and efficiently. The system includes:

- **Interactive Quote Builder** - Select products, services, and options
- **Customer Information Management** - Capture client details
- **Photo Upload** - Attach up to 15 photos with captions
- **PDF Generation** - Create professional quote documents
- **Email Integration** - Send quotes directly to customers
- **Admin Panel** - Manage product catalog and pricing
- **Password Protection** - Secure access to the application

Live Website: <https://one-stop-bath-shop.onrender.com>

Accessing the Application

Main Application Access

URL: <https://one-stop-bath-shop.onrender.com>

Password: ~~No password required~~ (Public access enabled)

Accessing the Site:

1. Navigate to <https://one-stop-bath-shop.onrender.com>
2. The application will load immediately - no password needed!

Note: The site is now publicly accessible. Anyone with the URL can use the quote system.

Changing the Main Password:

To change the site access password, edit line 9 in `src/main.js` :

```
const SITE_PASSWORD = "bath2025"; // Change this to your desired password
```

Admin Panel

Accessing Admin Mode

The admin panel allows you to add, edit, and delete products from the dropdown menus.

Admin Access (Main App):

- 1. Click the  **Admin** button in the top-right corner
- 2. Enter admin password when prompted
- 3. Admin controls will appear under each dropdown

Default Admin Password: The system will prompt you to set this up

Separate Admin Panel:

URL: <https://one-stop-bath-shop.onrender.com/admin.html>

Password: `admin123` (or set via environment variable `VITE_ADMIN_PASSWORD`)

Admin Panel Features:

- **Add Items:** Enter item name and price, click "Add"
- **Delete Items:** Click "Delete" next to any item
- **Categories Available:**
 - Bathtubs
 - Showers
 - Trim & Fixtures
 - Toilets
 - Sinks
 - Tiles
 - Labor & Installation

Changing Admin Password:

To change the admin panel password, edit line 3 in `src/admin.js` :

```
const ADMIN_PASSWORD = import.meta.env.VITE_ADMIN_PASSWORD || 'admin123';
```

Or set the environment variable `VITE_ADMIN_PASSWORD` in your hosting platform.

Passwords & Login Information

Summary of All Passwords

| Access Point | Default Password | Location to Change |
|--------------------------|-----------------------|--------------------------------|
| Main Site Access | bath2025 | src/main.js line 9 |
| Admin Panel (admin.html) | admin123 | src/admin.js line 3 or env var |
| In-App Admin Mode | Prompted on first use | Browser prompt |

Important Security Notes:

- ☒ Change default passwords before deploying to production
 - ☒ Store passwords securely
 - ☒ Don't share passwords in public repositories
 - ☒ Use environment variables for sensitive data
-

Features Guide

1. Creating a Quote

Step 1: Select Scope of Work

- Choose the primary service from the "Scope of Work" dropdown
- This determines the base project type

Step 2: Enter Customer Details

Fill in the customer information:

- **Name:** Customer's full name
- **Phone:** Contact phone number
- **Email:** Customer's email address
- **Address:** Project location address

Step 3: Add Notes

- Use the "Notes" section for special instructions, terms, or scope details
- This will appear on the final quote

Step 4: Select Products & Services

Navigate through the collapsible sections:

- **Demolition & Removal**
- **Plumbing & Fixtures**
- **Electrical Work**
- **Bathtub Options**
- **Shower Options**
- **Vanity & Countertops**
- **Flooring & Finishing**

Each section contains relevant dropdowns, checkboxes, and input fields.

Step 5: Add Photos (Optional)

1. Click "+ Add Photos" button
2. Select up to 15 images from your device
3. Add captions to photos (optional)
4. Remove photos by clicking "Remove" button

Step 6: Review Summary

- The **Estimate Summary** updates automatically as you make selections
- Review the total cost at the bottom

Step 7: Send or Print Quote

Option A: Share PDF Link

1. Click "**Share PDF**" button (next to Print/Save PDF)

2. A secure link to your quote is generated automatically
3. In the popup window, you can:
 - **View PDF:** Preview the documents
 - **Copy Link:** Copy the URL to clipboard to send via SMS, email, or chat
 - **Download:** Save the PDF file to your device
4. Send the copied link to your customer - they can view it on any device without downloading

Option B: Print/Save PDF

1. Click "**Print / Save PDF**" button
2. A PDF will be generated and downloaded
3. The PDF includes:
 - Company logo
 - Customer information
 - Complete estimate summary
 - All photos with captions
 - Notes and terms

2. Using Admin Mode

In-App Admin Controls:

1. Click  **Admin** button (top-right)
2. Enter admin password
3. Admin controls appear under each dropdown:
 - **Add Item:** Enter name and price, click " Add"
 - **Delete Item:** Select item, click " Delete Selected"
4. **Edit Checkbox Prices:**
 - For Tile, Plumbing, and Splash sections, prices appear next to checkboxes
 - Click the price (e.g., "\$150.00") to edit it directly inline
 - Press Enter or click away to save changes
5. Click **Logout** when finished

Standalone Admin Panel:

1. Go to <https://one-stop-bath-shop.onrender.com/admin.html>
2. Enter password: `admin123`
3. Manage all product categories
4. Changes sync automatically via Supabase database

3. Resetting the Form

Click "**Clear All**" button to:

- Clear all selections
- Remove customer information
- Clear notes
- Reset the summary
- Keep photos (use "Clear All" in Photos section to remove)

4. Admin Data Reset

When logged in as admin:

1. Click  **Reset Data** button

2. Confirm the action
 3. All product data resets to default values
-

Technical Information

Database Backend

- **Platform:** Supabase (PostgreSQL)
- **Purpose:** Store product catalog and pricing
- **Access:** Configured via environment variables

Hosting

- **Platform:** Netlify
- **URL:** <https://one-stop-bath-shop.onrender.com>
- **Auto-Deploy:** Enabled from GitHub repository

Environment Variables

Required environment variables (set in Netlify):

```
VITE_SUPABASE_URL=<your-supabase-url>
VITE_SUPABASE_ANON_KEY=<your-supabase-anon-key>
VITE_ADMIN_PASSWORD=<your-admin-password>
```

Browser Compatibility

- ☒ Chrome/Edge (recommended)
 - ☒ Safari
 - ☒ Firefox
 - ☒ Mobile browsers (iOS Safari, Chrome Mobile)
-

Troubleshooting

Common Issues

"Access Denied" Error

- **Cause:** Incorrect site password
- **Solution:** Ensure you're entering `bath2025` (case-sensitive)

Admin Controls Not Appearing

- **Cause:** Not logged in as admin
- **Solution:** Click  Admin button and enter admin password

PDF Link Not Generating

- **Cause:** Network connection issue or service timeout
- **Solution:** Check your internet connection and try again. The service relies on the PDF API.

Photos Not Uploading

- **Cause:** Maximum 15 photos reached
- **Solution:** Remove some photos before adding new ones

PDF Not Generating

- **Cause:** Browser popup blocker
- **Solution:** Allow popups for this site

Changes Not Saving in Admin Panel

- **Cause:** Database connection issue
- **Solution:** Check internet connection and refresh page

Getting Help

For technical support or questions:

- **Email:** gregw515151@gmail.com
 - **GitHub:** <https://github.com/gregw515151-jpg/1-stop-bath-shop>
-

Best Practices

For Daily Use:

1.  Always fill in customer details completely
2.  Add photos for better documentation
3.  Review the summary before sending quotes
4.  Save PDFs for your records
5.  Log out of admin mode when finished

For Administrators:

1.  Regularly backup your product database
2.  Keep pricing up to date
3.  Test new products before adding to live system
4.  Monitor Netlify deployment status
5.  Change default passwords immediately

Security Tips:

1.  Never share passwords publicly
 2.  Use strong, unique passwords
 3.  Log out when using shared computers
 4.  Regularly review admin access logs
 5.  Keep environment variables secure
-

Quick Reference

Keyboard Shortcuts

- **Enter:** Submit forms (login, admin inputs)
- **Ctrl/Cmd + P:** Print (when viewing quote)

File Locations

- Main app: `index.html`
- Admin panel: `admin.html`
- Passwords: `src/main.js` and `src/admin.js`
- Styling: `src/style.css`
- Logic: `src/app.js`
